USA Homeland Security measures, since 2011 do require that all parcels being sent by parcel post to the USA that weigh over 453 grams (16 ounces = 1 lbs) are not only facing longer delays, and also require that the extra USD\$9.00 payment surcharge to be paid before despatch. PLEASE CAREFULLY NOTE:- There is no joy each week, when our company constantly receives quantities of "confusing emails" every week, that clearly show that the website advertised "PURCHASE TERMS AND CONDITIONS" have not been read. Recently our company has been seeking answers from each of the many hundreds of email senders of a "confusing email" who have been asked to try to explain, why they asked about the already answered question ... Of course those "confusing emails" often need to be treated as FAKE EMAILS because they deliberately ask questions, that on this website are already fully answered above and fully answered here, such as ... "Please let me know, does your company still have these "film titles" available, BECAUSE on your website these "film titles" are shown as immediately available?" ... "Please let me know, does your company have these "unadvertised film titles" immediately available, BECAUSE those "unadvertised film titles" are not advertised on your website?" . . . "Please let me know, does your company have these "unadvertised film titles" available from a specific "studio/brand/manufacturer", BECAUSE that specific "studio/brand /manufacturer" is not advertised on your website?" ... "Please let me know, how much will it cost to purchase these "film titles" from your company, BECAUSE all the itemised insurance AND all the itemised shipping costs are fully displayed on your website?" ... "Please let me know, before placing my next order on your website, I want to get the heavily discounted price, BECAUSE completely unable to find anywhere on the internet, any details about your "DISCOUNT COUPON PROMO CODE" that has not already expired?" . "Please let me know, as a completely free of charge service, would your company like to take several quality well-focused large photographic images of the boxes for these "film titles", and then email all those quality photographic images to me?" \ldots "Please let me know, would your company like to purchase my copy of my used "film titles" that you will be then unable to sell to anyone, BECAUSE you only sell brand new "film titles" on vour website? . . . *Insurance* (EXTRA COVER insurance from Australia Post) with new prices starting from Monday 3rd October 2016 All Australian Customers: All International Customers: EXTRA COVER - Minimum *Insurance* of A\$300.00 please add extra USD\$6.20 EXTRA COVER - Minimum *Insurance* of A\$300.00 please add extra USD\$15.60 each additional A\$100.00 please add extra USD\$1.50 each additional A\$100.00 please add extra USD\$2.50 Some International Customers: EXTRA COVER insurance from Australia Post is not available for some countries (including Canada and Germany) and parcels to such countries are only sent as "International Express Registered Post Parcels (PREPAID satchel/envelope/box)' please add extra USD\$28.35 for each film ordered.
